Sendgrid Home Page:

Sendgrid login Page:

The screenshot shows the SendGrid sign-up page in a web browser. The browser's address bar displays 'signup.sendgrid.com'. The page features the Twilio SendGrid logo at the top. Below the logo, the heading 'Let's Get Started' is followed by the text 'Sign up for free. No credit card required.' The sign-up form includes an 'Email Address' field with 'karthickrajam29@gmail.com' entered, a checked checkbox for 'Use email address as username', and a 'Password' field with a strength indicator. A note states 'Your password must have at least 16 characters.' Below the password field is a CAPTCHA box with the text 'I'm not a robot' and a 'Create Account' button. To the right, a 'Try it out!' section lists features: 'Automated drip campaigns', 'Password resets', 'Newsletters', 'Receipts', 'Delivery notifications and updates', and 'Promoted emails'. The browser's taskbar at the bottom shows open files 'SPRINT-1.pdf' and 'Brainstorming (2).pdf'.

Sendgrid successfully created:

The screenshot shows the SendGrid dashboard after successful account creation. The browser's address bar displays 'app.sendgrid.com/guide?from=profile&integrate=true'. A notification banner at the top states 'Review. Your account is under review and we'd like to know a little more about you and how you intend to use Twilio SendGrid. Contact Us'. The dashboard includes a left sidebar with navigation links: 'Karthick Raja M', 'Dashboard', 'Email API', 'Marketing', 'Design Library', 'Stats', 'Activity', 'Suppressions', and 'Settings'. The main content area features a 'Welcome, Karthick!' message and a 'Send your first emails with Twilio SendGrid' section. This section contains a 'Create a sender identity' heading, a paragraph explaining the need for a sender identity, and two options: 'Create a Single Sender' and 'Authenticate a domain instead'. A preview of an email header is shown on the right, displaying 'Your Business' as the sender and 'your.doe@your_business.com' as the email address. The browser's taskbar at the bottom shows the same open files as the previous screenshot.

Review. Your account is under review and we'd like to know a little more about you and how you intend to use Twilio SendGrid. [Contact Us](#)

Welcome, Karthick!

To get up and running quickly, please follow the steps outlined below.

Send your first emails with Twilio SendGrid

Create a sender identity

Before sending email, you'll need to create a sender identity. There are two ways to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

[Create a Single Sender](#) [Authenticate a domain instead](#)

Your sender identity is the "from" email address your recipients will see in their inbox. [Learn more about this.](#)

Your Business -your.doe@your_business.com-
